Dear Mr. McCoy and the Board of Directors,

On behalf of incarcerated kids, Each One Reach One wishes to thank you and your Board of Directors for your generous donation of \$1,000 to support *A Dream and A Plan for Tomorrow* and our Playwriting Programs. Your donation will enable us to continue to provide our diversion programs to incarcerated youth located in five different juvenile detention facilities in San Francisco and San Mateo County's.

We will continue to expand and explore new ways in which community-based organizations and juvenile probation departments can collaborate to develop and implement programs that can achieve diversion goals. Most importantly, your support affords our students the rare opportunity to experience success and envision a future in which they can become contributing members of society.

We hope you can attend a show in the future so you may witness the power of the program you are so generously supporting!

Thank you so much for your generous support!

Sincerely,

Robin Sohlen
